Love Stories of Misfortune and Miscalculations

Afterword

Thank you for reading *Love Stories of Misfortune* and *Miscalculations*. This is a collection of special chapters that I've published in doujinshis or made on the side over the years. I am not working on any doujin projects right now, so I'm happy that I finally had the opportunity to bring together the extra stories for *Miscalculated Heart* that weren't so widely available. I appreciate everyone who was involved in these pieces. Thank you all very much.

During this process, I had to replace my computer twice, which then broke again. Since my data isn't very organized, I was worried that I wouldn't be able to bring it all back. But I'm glad that I was able to retrieve it all in the end.

It would make me happy if you enjoyed this even a little bit. Thank you for reading until the end.
